OFFICE OF PETITIONS

Dear Sir:

**PETITION TO REMAIL AND RESET TIME PERIOD
FOR RESPONSE TO NOTICE TO FILE MISSING PARTS**

Applicant respectfully requests that the Notice to File Missing Parts mailed by the PTO on September 14, 2001 be remailed and the reply period be reset.

Pursuant to the Memorandum dated February 15, 2002 from Steven G. Kunin, Deputy Commissioner for Patent Examining Policy, to the Patent Examining Core Directors, the following is stated:

A) Required Statement: The Notice of Missing Parts mailed on September 14, 2001 in connection with the above-identified patent application was never received by applicant's attorney. The mailing of the Notice to File Missing Parts only recently came to the attention of the undersigned in connection with a status inquiry made by the undersigned.

B) Evidence: As evidence that the Notice to File Missing Parts was not received, a copy of the attorney's docket sheet for November 14, 2001 (the two-month due date for responding to the Notice as mailed) is attached (with client names redacted to maintain confidentiality). If the Notice had been received, in the ordinary course of business, the due date would have been docketed and would appear on the attached docket sheet under Docket Number 03516 – P0001, together with the title of the application. As evidenced by the attached, no such date was docketed. An exhaustive search of the firm's file and records confirms that the Notice was never received.

The aforementioned Memorandum indicates that a Petition Fee is not required.

For the reasons set forth above, it is respectfully requested that the Notice to File Missing Parts be remailed and that the time period for reply be reset to commence on date of remailing.

Dated: September 27, 2002

Respectfully submitted,

By 

Stephen A. Soffen
